## FATAL MINE ACCIDENT

EIGHT MEN MEET DEATH IN THE COAL MINES AT ROCKY FORK IN MONTANA.

## FIRE WAS NOT EXTINGUISHED

AND RESCUERS PERISHED IN TRYING TO FIND BODIES OF FIRE VICTIMS.

Anacosta, Mont., June 8.—One of the most serious accidents in the history of coal mining in Montana has occurred in the mines of the Northern Pacific at Rocky Fork, near Red Lodge, Carbon county.

Eight men are dead, all victims of the deadly white damp that filled the corridors of the mine after the fire, which started Wednesday. Their bodies have been recovered, but the story of the work of rescue parties is a tale of unexcelled bravery and heroic self-sacrifice.

Of the dead, two were members of one of the parties that entered the mine in the effort to reach the men known to be there. The dead are:

Terrance Fleming, William Bailey, Mike Gabriage, Thomas Skelley, Al McFale, Matt Reikka, Roy Carey and Joe Bracey.

Carey and Bracey were of the rescue party.

The fire that caused the trouble started in incline No. 6 Wednesday. This was believed to be under control after a long hard fight. At 7:30 a. m. the rescue party started down No. 6 incline, proceeding cautiously, as it was found that there were still traces of fire. When they reached a depth of 1,200 feet all were overcome. Seven managed to struggle back to where they could be reached.

Rescuers Driven Back.

By this time a dense column of smoke burst from No. 5 incline and the air in No. 6 was so foul that volunteer rescuers were driven back. At 10 o'clock another rescue party was formed, business men and townspeople volunteering when the Finnish miners fled back terrified.

The scene about the mines was distressing. Frantic women and crazed men ran about, hampering the work of rescue. The second volunteer party was successful. The fans were reversed and the smoke forced back out of No. 6 incline. In the slopes, brattices were made of canvas and water was let in. The rescuers were let down slowly in cars. They first found the unconscious forms of six of the first rescue party, which were hurried to the surface. All were revived but Carey and Bracey.

It is believed the injured will entirely recover. Farther down the incline six other bodies were found, all beyond hope of restoration to life. Several of the second rescue party, among them Pit Boss Haggerty, were overcome during the day, but were restored and Haggerty returned to the work of rescue. It is believed that all

## Every Heart Beat

Forces about 8 ounces of blood out of the heart, and sends it coursing through the veins to the remotest part of the body. This is the amount required by nature to nourish and sustain your body. Every ounce less than this means a shortage in nature's supply of building-up material. A weak heart cannot meet this demand, and consequently you suffer. If your heart skips a beat, or flutters, palpitates, pains you, or you have shortness of breath, you may be sure that the heart is working imperfectly.

Dr. Miles' Heart Cure will strengthen the heart muscles and nerves.

"I had been a great sufferer for 15 years. At the time I commenced taking Dr. Miles' Heart Cure I had been confined to my bed for four months. I had frequent sinking spells, sometimes as many as three in a day, during which my heart would seem to stop beating, necessitating the calling of a physician to resuscitate me. Before finishing the first bottle the sinking spells had ceased, and I took altogether five bottles for a complete cure. I now enjoy perfect health, and am very grateful for this wonderful medicine, for it is the means of my being with my family now."

REBECCA BENNETT.

1519 Yandes St., Indianapolis, Ind. Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

bodies have been saved from the mine. The work of fighting the fire is now being pushed.

HOUSER PLEADS NOT GUILTY.

Wisconsin Secretary of State Denies Accepting Bribe.

Madison, Wis., June 8.—"I am not guilty, your honor," said Secretary of State Walter L. Houser when arraigned before Judge Donovan in the municipal court on a charge preferred by Insurance Commissioner Host that he offered Host a bribe of \$2,000 for a decision favoring the Equitable Life in the surplus distribution case. Houser was released on his personal bond of \$1,000 and the preliminary examination was set for June 14.

## REBATES ON FREIGHT

NEW LIGHT SHED ON MOTIVES OF RAILROADS IN ABOLISHING THE PRACTICE.

Philadelphia, June 8.—New light was shed on the motives leading to the abolition of freight rebates by the railways when James McCrea, first vice president of the Pennsylvania company, which operates the Pennsylvania railway lines west of Pittsburgh, appeared as a witness before the interstate commerce commission. Mr. McCrea expressed himself as favorable to publicity in the rating of mines and the distribution of cars. He surprised the commissioners and their counsel by announcing that for nearly two years and up to the time of President Cassatt's recent departure for Europe the board of directors of the Pennsylvania railroad, of which he is a member, had been considering means for eliminating the private car from the lines of the company. He declared the company had concluded that the use of these cars was unwarranted.

Toward the conclusion of his testimony Attorney Glasgow asked Mr. McCrea when President Cassatt decided to stop rebating.

"Just as soon as he got control of the Pennsylvania railway; that was in 1889," said Mr. McCrea.

"Simultaneously the community of interest plan was adopted, was it not?" was Mr. Glasgow's next question.

Mr. McCrea said he was not certain as to that. He then entered into a lengthy explanation of the rebate system and declared that the directors of other roads were pleased with the idea of abolishing it when the subject was brought to their attention.

When the Rebating Stopped.

He said he thought it questionable if rebating would have been voluntarily stopped by the railways. After replying to numerous questions Mr. McCrea admitted finally that the rebating stopped when the community of interests plan started.

He asserted the shipper was never so fairly treated as now. He has staple rates and is placed in a fair position with his competitors.

There were other interesting developments during the day's hearing, which was protracted until 6 o'clock at night.

Joseph Kalken, chief clerk to A. G. Mitchell, superintendent of the Monongahela river division of the Pennsylvania railway, admitted owning stock in numerous coal companies, some of which was given to him while for the other shares he paid a privilege price. He also testified to having paid to Joseph Boyer, former chief clerk to A. F. Gibbs, 5 cents a ton commission for fuel coal which one of his companies furnished to the railway. It was simply "a business transaction," he said.

S. F. Potter, president of the Donohoe Coal and Coke company, whose operations are located in Westmoreland county, charged that the Pennsylvania railway has practiced gross discrimination in the distribution of cars to his company. One car a day was his allotment for seven months, he declared.

He also said that a detective sent by his company to determine the rating of the Loyal Hanna mine had been fired upon.

Slated for Dismissal.

Manila, June 8.—The police force of Manila is to be reduced to 500 men, of whom 200 shall be Americans and the remainder Filipinos. As a result 100 American policemen are slated for dismissal. The change is to be made within three months. The withdrawal of so many Americans has created some discussion. Economy is given as the cause.

Iowa Mob After a Negro.

Sioux City, Ia., June 8.—Telephone messages from Le Mars say the jail is surrounded by a mob intent upon lynching a negro circus employee who is accused of having assaulted a white girl. At 2 o'clock Friday morning the sheriff telephoned that the mob had withdrawn some distance from the jail. He believed no further effort at lynching would be made.

## CLAIM MANY VICTIMS

CYCLONES KILL EIGHT PEOPLE IN MINNESOTA, WISCONSIN AND MICHIGAN.

## LIST OF INJURED IS LARGE

DAMAGE DONE BY THE STORMS FULLY TWO HUNDRED THOUSAND DOLLARS.

St. Paul, June 8.—Eight dead, many seriously injured and thousands of dollars worth of property blown away, briefly summarizes the effects of the storm which devastated sections of Minnesota, Wisconsin and Michigan. There were two separate storms in Southern Minnesota and Western Wisconsin and another in the northern part of Minnesota, which also swept over into Wisconsin. The dead are:

Near Stoddard, Wis.—Halvor J. Halvorson.

Near Caledonia, Minn.—Mrs. Peter Meyers and two children.

Near North Branch, Minn.—Mr. Engdahl, Sr., and Andrew H. Olson, the latter killed by lightning.

Near Plainwell, Mich.—Alexander Ferguson, killed by lightning, and William West, killed in wreckage of barn.

Fortunately, the storms did not strike any large towns, but the devastation wrought in the rich farming country through which they passed is said to be terrible. Crops were ruined and substantial brick and frame dwelling houses and barns were literally blown into fragments and scattered for hundreds of yards about the country.

Town of Sunrise Escaped.

Sunrise, Minn., a little town of 800 inhabitants, about whose safety much anxiety was felt, escaped uninjured. The storm devastated the country three miles from town, but did not hit the village itself. The large new frame house of William Stevens was blown to kindling wood and Stevens and his wife were seriously hurt, but not fatally injured.

After passing Sunrise the tornado took a northeasterly direction into Wisconsin. It passed through a heavily timbered section, cutting a path 100 feet wide as far as the St. Croix river. There was considerable damage done to saw mill property near Nevers, Wis., but no lives were lost.

About Ham Lake, in Anoka county, Minn., the tornado destroyed much farm property, but no loss of life is reported.

The loss of three lives and terrible damage resulting from the cyclone in the farming country between Caledonia and Freeburg, Minn., where a wide strip several miles long was laid to waste, has just become known. The farm of Peter Meyer was devastated and his wife and two children were killed. Meyer escaped serious injury. The residence of C. T. Inglett was also destroyed and all the members of his large family are in the hospital except the father.

The known injured list near Stoddard, Wis., has been increased to eleven, including the wife of Halvorson. None of them will die.

The damage done by the storms will exceed \$200,000.

TORNADO IN MICHIGAN.

One Man Killed and Several Other Persons Injured.

Plainwell, Mich., June 8.—Sweeping a path one mile and a quarter wide for a distance of three miles a tornado that struck the villages of Martin and Monteth, respectively six and four miles north of here, killed William West, a farm laborer, aged fifty-four, seriously injured several others and did much damage to stock and farm buildings and uprooted a number of large orchards.

William West had taken refuge in a barn, which the storm blew from its foundation and crushed as though it had been an eggshell. William McGregor and his two sons, who had sought refuge in the same barn in which West was killed, miraculously escaped death. They were seriously but not fatally injured.

Electrical storms were prevalent in many parts of Michigan. At Mount Morris, Alexander Ferguson, a farmer, aged seventy, was killed by lightning.

FOR MURDER OF MABEL PAGE.

Charles L. Tucker Will Be Executed in Massachusetts.

Boston, June 8.—Charles Louis Tucker of Auburndale, convicted of the murder of Mabel Page at Weston in 1903, will be electrocuted in the state prison at Charlestown during the week beginning June 30. Governor Curtis Guild has announced that he had decided not to commute the sentence to one of life imprisonment.

## BAD FLOOD IN JOHNSTOWN.

Cloudbursts Overflow Rivers and Damage Property.

Johnstown, Pa., June 8.—Thunder showers, electric storms and heavy downpours of rain that have prevailed throughout Western Pennsylvania during the entire week, culminated in cloudbursts in Cambria, Westmoreland, Somerset and Butler counties, that caused the rivers and creeks to overflow, flooding the streets in many communities and disseminating a general flood scare.

Reports from the various sections affected during the day, however, indicate that the waters are receding, the weather is clearing and all danger of further damage is past. Early reports indicate that the damage would be much greater than is estimated.

Probably \$50,000 will cover all losses sustained in the sections affected.

The greatest damage was in Hooversville, Somerset county, eighteen miles from this city. Here a veritable cloudburst caused Stony creek to rise seven feet in an hour and a half. The water reached the first floor of many dwellings and all the factories in the low lying section of the town were obliged to suspend operations. Cellars were flooded and a number of streets were under water for a time, but no casualties are known to have resulted.

Summer Resort Destroyed.

A tenement house in which lived twenty families was ordered vacated as a matter of precaution and the Hooversville schoolhouse was washed away from its foundation. Island Park, a summer resort, was destroyed by the waters, but as the flood came at an hour when there were no pleasure seekers there, the loss is confined to the property of the park management. The entire loss in this section is estimated at \$25,000. The Conemaugh river, made famous in the history of the Johnstown flood of 1889, swollen by the outpouring from the Stony creek section, began to rise rapidly and caused somewhat of a scare in this city. The streets along the river bank were soon inundated and mills and factories were obliged to suspend. Street car traffic was soon out of the question, while railway trains were delayed at outlying points awaiting the subsiding of the high water. Telephone and telegraph communication was interrupted but for a short time and this at first caused some apprehension as to the magnitude of the flood. Traffic, however, has been resumed and all that is left to indicate that any danger was feared is the wet and muddy condition of the streets and a few flooded cellars.

KNIGHTS OF COLUMBUS.

Select Norfolk as the Place for Next Year's Convention.

New Haven, Conn., June 8.—A final adjournment of the delegates to the national convention of Knights of Columbus was taken Thursday night. Norfolk, Va., was selected as the place for next year's convention in August.

The directors chosen are: J. C. Pelletier, Boston; E. W. Buckley, St. Paul, Minn.; D. B. Lucey, Ogdensburg, N. Y.; D. J. Callahan, Norfolk, Va., for the three-years' term, and J. S. Leahy, St. Louis, for two years.

Rev. Father Doyle of Washington appeared before the national body for the purpose of making an appeal to the order that it act as sponsor for the Paulists and lend its support in spreading their influence of the Catholic religion in the United States. It was voted to give a contribution which it is hoped will amount to \$180,000.

The minimum initiation fee was raised from \$5 to \$10.

ASKS FOR AND GETS THE LIMIT.

Louisiana Man Requests Judge to Give Him Maximum Penalty.

Chicago, June 8.—John H. Dalton, formerly a local politician, and Lewis A. Gourdain of Louisiana have been sentenced in the United States district court to four and a half years in the penitentiary and to pay a fine of \$1,500 each for using the mails to defraud. The charge against the men is that they sold options on oil lots in Louisiana, which did not exist. Gourdain when sentenced asked the court to give him the limit of imprisonment under the law, and Judge Landis accommodated him. Gourdain previously declared that if convicted he would ask the court for the extreme sentence, serve his time and then exterminate his family.

FIGHT NOW ON TO A FINISH.

Ohio Miners and Operators Unable to Agree.

Columbus, O., June 8.—The joint conference of the Ohio miners and operators ended in a complete disagreement and both sides declare that the fight is now on to a finish.

The miners' convention voted unanimously to stand out for the 1903 scale and it was decided to assess all miners now at work in the state 5 per cent of their wages for the support of the strikers. The national organization will also give \$20,000 a week in benefits to the strikers.

## STORE NEWS

Yes, we have a few remarks to make about the weather

You remember how the cold weather absented itself during the last winter until the days of February and March and then how very cold it became. We then had all the cold weather we wanted and many had not provided for it nor could they secure what they wanted at that time.

We will undoubtedly have our warm weather in due time and unless you prepare for it now you will be sadly disappointed when you do begin to search for the chic ideas in fabrics and dress accessories. The good things are going and it is the wise lady who is preparing for it. Better buy now if you want "Michael's" best and you surely will.

Have you seen the new ribbon girdles we are showing?

As usual we are showing the new ideas and this particular idea is exceptionally good. It is so neat that every lady will want one to wear with her thin dress this summer. Just ask about this girdle when in the store.

H. F. MICHAEL CO.

One Year Strictly in Advance ..... Four Dollars

FRIDAY, JUNE 8, 1906.

### Weather

Forecast—Rain and thunder storms.

LOCAL politics are beginning to command the attention of the public the latest candidate to announce himself being Charles Kreech who will come before the people at the primaries for the position of county commissioner in the district now represented by J. S. Gardner, it being understood that the latter gentleman will stand for a renomination.

THE warmest scrap in the coming state convention is predicted over the selection of a candidate for state auditor. S. G. Iverson, the present incumbent and who has served but one term, is a candidate for the renomination and pitted against him is Odin Halden, auditor of St. Louis county. Iverson has made a good official and up to a few days ago it was not anticipated that he would have opposition.

YESTERDAY'S Minneapolis Journal in its writup of the political outcome in the counties said that in Crow Wing county Jacobson had the country districts and would have all but 12 of the delegates and this morning's Journal says that Cole defeated Jacobson in Crow Wing county. The fact is there was no fight in Crow Wing county over whom the delegates to the Duluth convention should be, the sentiment being unanimous that Crow Wing county should favor A. L. Cole for the reason that he is a Northern Minnesota man, a neighbor and a man whom if nominated could be elected governor. With Mr. Cole out of the running there is but little question but that the sentiment of nine-tenths of the voters of the county would be for Jacobson. The republicans of this county will unite on the nominee of the Duluth convention and roll up an old time majority for the republican ticket. The city papers have distorted the condition of things politically in this locality and have another guess coming.

In many of the cities of Minnesota and the northwest the commercial clubs have taken up the matter of ridding the localities of the dandelion plague. At Grand Forks recently Dandelion Day was celebrated and the school children gathered in by actual weight fifteen tons of the weed for which they were given prizes. At Red Wing the commercial club has inaugurated a system of paying the school children a cent a pound for the pests on certain days

with a prize for the one who brings in the greatest number of pounds. Dandelions are a dangerous evil to the soil and if allowed to multiply will entirely overrun and kill out the lawns. It takes but a glance around this city to discover that the noxious weed has gained a strong foothold and in another year at the rate they have been multiplying will cover much of the city with a carpet of yellow and those who endeavor to keep their lawns clear of them lose their labor as the seeds from the plants in the streets and vacant lots are scattered broadcast by the wind. The cities that have taken up this matter have solved this problem in a very simple manner.

## LOCAL NEWS NOTES.

## CHAS. BADOUR IS ACQUITTED

Charge of Robbery of Store at Merrifield is not Sustained Before Jury

COURT ADJOURNS TODAY

Jones Charged with Incest Gets Four Years in Stillwater on Plea of Guilty

The term of the district court, which was expected to last most of the present week closed today. The jury in the case of Charles Badour, accused of robbery at Merrifield was only out about ten minutes and the first ballot was unanimous for acquittal. While Mrs. Fingerson was positive in her identification of Badour she failed to recognize the man who was with him at the store in the afternoon of the day of the robbery. Badour was arrested and brought here on a warrant in the case of the state against John Doe and Richard Doe charging them with burglarizing the store of W. J. Koop. The last grand jury indicted Badour for the Fingerson robbery and the other indictment was dropped.

The case against Rock for forgery the indictment was quashed on motion of his attorney and he was remanded to jail to await the action of the next grand jury.

D. T. Jones, charged with incest, plead guilty and was sentenced to four years at hard labor in Stillwater.

Several parties are being examined as to their fitness for naturalization this afternoon. Court will adjourn today, Judge Spooner going to the cities tonight and Court Reporter Cameron to Bemidji this afternoon.

### Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommended it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. H. P. Dunn & Co. eoddw.

## Farm, Home & Garden

Short, pointed statements of methods and results in Crow Wing county are requested for this column. Address all communications to Farm Editor, Box 1516, Brainerd, Minn.

A copy of the Poultry World, published by Woolstencroft & Hansell, Heron Lake, Minn., is on our table. It is a monthly journal of "reliable poultry information" to quote from its title. Jack Woolstencroft, the senior publisher is one of the unique characters of Southwestern Minnesota and a man who always knows what he is talking about. The paper is only 25 cents a year and the information gained from a single number if intelligently applied will be worth more to a poultry raiser than the cost of the paper for several years.

It is said Mexican women test eggs by placing the two ends to their lips, on the theory that the small end of a good egg is observably cooler than the big, or air bubble end. If both ends are of the same temperature the egg is bad.—Poultry World.

—c—

The value of a dust bath cannot be overestimated. In a dry season fowls running at large will take care of themselves in the matter, especially if they have access to the good wife's flower beds. But in a spring like this when the dust beds are all mud holes there should be a place provided in the hen house for the dust bath, even if the hens are at large. It is an easy matter to dry out a few pans of dirt in the kitchen oven, pulverize the soil to a fine dust and place it on the hen house floor. Then watch the hens go for it. It will beat any insecticide in ridding them of lice.

—c—

A Vienna court a year or so ago gave a man judgment for damages because his horse had been libeled by a derogatory article in a paper in that city. Well, there are cases where it would be more easy to libel the team than the driver.

Cheap Rates to Duluth and Return. The Northern Pacific will have the rate of one fare for the round trip, Brainerd to Duluth and return for the Republican state convention, at Duluth, June 13, '06. Dates of sale June 11, 12 and 13, '06. Return limit June 16, '06. 54t

ONE FARE FOR ROUND-TRIP plus \$1.00 from Chicago to Boston and return, via Nickel Plate Road, May 31st to June 9th, inclusive. Also excursion rates via New York City. Extended return limit July 15th. John Y. Calahan, General Agent, Room 208, No. 113 Adams St., Chicago. 3024tdw1

## CATARRH A GERM DISEASE

Breathe Air Medicated by Hyomei and Kill the Germs.

Now that physicians and scientists universally agree that catarrh is a germ disease, the reason for the failure of the old-fashioned stomach dosing in this trouble is readily seen.

Prior to the discovery of Hyomei, a treatment which fills the air you breathe with germ-killing and healing medication, statistics showed that at least ninety-seven out of every hundred persons in this state were suffering from catarrh of some form.

The treatment with Hyomei is very simple and pleasant—a small inhaler comes with every outfit and three or four times a day Hyomei is breathed through this, making the air at that time like that found on the mountains where the pine forests give off their fragrant and healing balsams.

The complete outfit costs but one dollar, while extra bottles can be obtained for 50 cents. H. P. Dunn & Co. have seen such remarkable results from the use of Hyomei that they sell it under an absolute guarantee that it costs nothing unless it cures.

### Low Priced Atlas.

An up-to-date Atlas of the Northwest and the Orient for \$1.00. The Northern Pacific Railway Company will send an Atlas of the Northwest, very complete in detail, to anyone upon receipt of price named. This is a recent compilation and data, maps, illustrations, etc., are reliable and from best sources.

A. M. Cleland, General Passenger Agent, St. Paul, Minn. 264tf

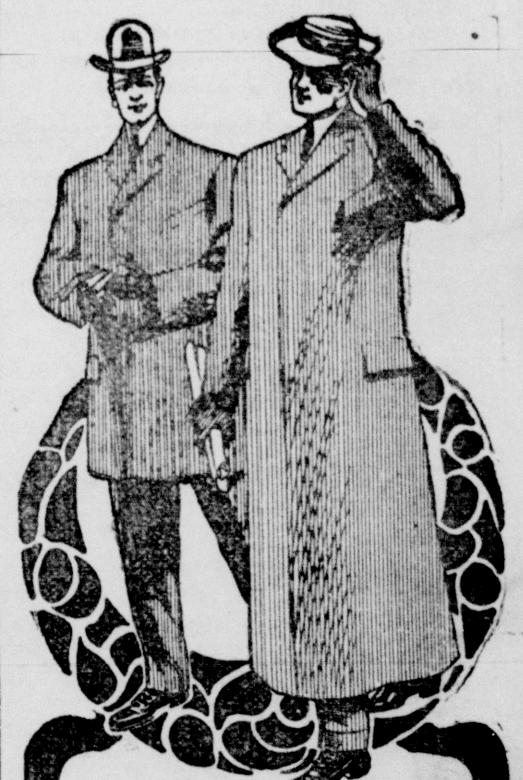

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. H. P. Dunn & Co. eoddw

There's a little room in this great world of ours for the "Fat Woman." She's a hindrance to herself in street cars, flats, elevators; but what can she do, poor thing—take Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. P. Dunn & Co.

Cheap Rates to LeSueur, Minn.

The N. P. will have the rate of one fare plus 50 cents for the round trip to Le Sueur, Minn., for the State Fireman's Ass'n. at Le Sueur, Minn., June 12 and 13. Dates of sale June 11 and 12. Return limit June 14, '06. Half fare for children at the half fare age. 16t

The DISPATCH will be delivered at your door for 40 cents per month. 115

## Clothcraft not Cloth "Craft."

You waste money, when you pay fancy prices in the expectation of finding better made clothes than CLOTHCRAFT—you waste time looking for better value.—This is not mere newspaper talk—we know whereof we speak. You will find the secret of our reputation in the Clothes—NOT in the price. CLOTHCRAFT Clothes are readily defined by their modern shoulders, snug collar, flat lapels, non-breakable fronts, the graceful outlines and the thoughtful finishing touches that prove at once the high standard of perfection established and maintained.

All herders and stock owners are hereby notified that all cattle and horses must be kept from running at large or they will be dealt with according to law. P. H. KNUTZEN, Poundmaster.

## Your Neighbor's Dogs and Chickens

Are playing in your yard and stirring up hard feelings between you and your friends. They are destroying your flower beds and garden. You can stop all this and beautify your lots besides, by fencing your property with this lawn fence.

This cut is exactly like the fencing, and to introduce it in Brainerd we will sell a limited number of fences at 4c per lineal foot if you mention this advertisement. Figure this out and see how little it will cost you to protect your property.

## A Lesson in Health

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. H. P. Dunn & Co. eoddw

## BURIED WITH MASONIC HONORS

John N. Nevars Laid to Rest in  
Evergreen Cemetery Thurs-  
day Afternoon

FUNERAL LARGELY ATTENDED

Services at Congregational

Church were Conducted by

Rev. E. A. Allin

Borne to the grave by his brother Masons escorted by the members of Ascalon Commandry Knights Templar, all that was mortal of John N. Nevars was laid to rest in Evergreen cemetery Thursday afternoon with the solemn rites of the order he loved so well, and of the beauty of whose precepts his life was a grand example.

After lying in state in the Masonic hall since the arrival the day previous the body was borne to the Congregational church for the funeral services. The funeral services were conducted by Aurora Lodge, No. 100 A. F. & A. M., of which he was for many years an honored member, Ascalon Commandry marching with reversed swords as an escort. The active pall bearers were W. D. McKay, C. D. Johnson, J. A. Wilson, L. J. Cale, Eric Kronberg and J. M. Hallett. The honorary pall bearers, all of whom are past commanders were Sir Knights J. T. Frater, John Lowey, Geo. D. LaBar, M. McFadden, Geo. Forsythe and Geo. A. Keene. The ushers were Dr. Hoorn, C. E. Cole, C. D. McKay and Floyd Brown.

There were a hundred Masons in attendance.

The Commercial club also marched to the church and attended the funeral in a body. The Black Hawk club, of which Ralph and George Nevars are members marched to the church and cemetery and the Bachelor Maids attended the funeral in a body out of respect to Miss Vera Nevars, who was a former member of that organization.

Upon arrival at the Congregational church the Master Masons and Knights Templar were drawn up in double lines between which the body was carried to church. Services were conducted by Rev. Ernest A. Allin who spoke feeling and eloquently of the sterling worth of Mr. Nevars referring especially to his home life.

Beautiful music was furnished by the Aedon Quartette, consisting of Mmes. LaBar and Atherton and Messrs. Webb and Alderman, with Miss Merritt as accompanist.

The body was then borne to the grave escorted by Masonic brethren and a large number of citizens and laid to rest, Rev. J. F. McLeod acting as chaplain.

The coffin was fairly covered with flowers, one of the designs being a square and compass. The floral tributes were numerous and beautiful there being several times as many as could be placed on the bier. It was a peculiar fact that was noted with comfort by the bereaved ones, that while the day had threatened rain, just as the body was brought from the hall the sun broke from the clouds as if God had sent it as a token of his love and comfort.

John N. Nevars was born in the parish of Southampton, county of York, New Brunswick, on the 25th day of June, 1844. He came to Brainerd in 1872 when it was a mere hamlet in the jack pines and has been one of the leading and prominent business men in the city ever since. He first engaged in the lumber business with B. F. Hartley, afterwards ran the Leland hotel for a year and still later was engaged in the mercantile business. He was always a genial, whole souled man, ready to assist any cause that appealed to him and was a man who was known by all and who could count every acquaintance as a friend. About a year ago poor health and the desire to seek a milder climate caused him to remove with his family to Spokane, Wash., where he resided until a week or so ago when he was brought to St. Luke's hospital in St. Paul. Mr. Nevars was stricken several weeks ago with hemorrhage of the stomach, and though everything money and medical science could do was done it was in vain.

He was united in matrimony Dec. 25, 1879, to Miss Annie Brockway, daughter of Levi Brockway, of this city, who survives him. To them three children were born, Ralph, George and Miss Vera, all of whom survive him. All except George were at his bedside when the end came. Mr. Nevars also leaves one sister, Mrs. Benjamin Heustis, of Brainerd.

Mr. Nevars was a member of Aurora Lodge, A. F. & A. M., Brainerd chapter R. A. M., and Ascalon commandry Knights Templar in this city and stood well with his brethren in the order as well as with the community at large.

Mr. Nevars served Crow Wing county as treasurer and the city of Brainerd as mayor and in public as well as in civil life he was genial, whole souled and his word was always as good as his bond.

While not a man who was aggressively active in politics he took a deep welfare in the interests of the town and there are few citizens whose death would cause such universal sorrow.

There were a number from out of the

city who attended the funeral, among them were Leon E. Lum, of Duluth, Wm. Seelye, of Spokane, Mr. and Mrs. F. Bell, of Melrose, Minn., John D. Bradford, of Winnipeg Junction, G. H. Ingraham, of Jamestown, N. D., Mr. and Mrs. Nelson Cluff, and Dr. B. J. Reek, of Aitkin, and G. G. Hartley, of Duluth.

## MOTHER STOPPED HER

Nellie Swanson and Companion Wanted

To go to Minneapolis but Mrs Swanson Took Their Checks

Misses Nellie Swanson and Sadie Chord fondly expected to leave today to enjoy the pleasures of city life, but there is many a clip twist the cup and the lip. They got safely to the depot when Mrs. Swanson, mother of Nellie, arrived on the scene. It had come to her ears that her daughter was planning to depart without saying good bye, one story being that the girls were going to travel with a show, an occupation said to have been followed by Miss Chord in the past. So Mrs. Swanson immediately insisted on her daughter's return to the maternal roof and took the checks for the baggage away from her. The trunks had gone on the train before the mother and daughter arrived at an understanding and will be returned from Minneapolis. It is not known what the next move of the young ladies will be. Miss Chord's people are said to live in Iowa.

Cheap Rates to Little Falls, Minn.

The N. P. will have the rate of one and one third for the round trip to the Street Fair to be held at Little Falls, June 11 to 16 '06. Dates of sale, June 11 to 15. Final return limit, June 17, '06. Half fare for children of the half fare age.

## ANSWERS EVERY CALL.

Brainerd People Have Found That This Is True.

A cold, a strain, a sudden wrench, A little cause may hurt the kidneys. Spells of backache often follow, Or some irregularity of the urine. A certain remedy for such attacks, A medicine that answers every call, Is Doan's Kidney Pills, a true specific. Many Brainerd people rely on it. Here is Brainerd proof.

Mrs. L. Peterson, wife of L. Peterson, janitor of the Columbian block, Brainerd, Minn., says: "I have given Doan's Kidney Pills a thorough trial and believe that this remedy is the most reliable preparation that exists for kidney trouble. I used to suffer from constant dull aching in the small of my back and loins and other symptoms which plainly indicated a disordered condition of the kidneys. I decided to try Doan's Kidney Pills and got a box at H. P. Dunn & Co.'s drug store. After using a few doses I felt better and in a few days the pain and other symptoms of kidney trouble disappeared. I believe that Doan's Kidney Pills have given me a new lease of life, and am so confident that this remedy will do the same in all cases of kidney trouble that I am advising every sufferer I meet to use it."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

## CHICAGO TO BUFFALO, N. Y.,

and return, via Nickel Plate Road, at one fare plus twenty-five cents for the round-trip. Tickets will be sold from Chicago June 9th, 10th and 11th, with return limit of June 25th. Particulars at Nickel Plate office, No. 113 Adams St., Room 203, Chicago, Ill.

## RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

Employees of Northwestern railroads were greatly surprised on being notified by their legislative representative in Washington that the federal rate bill contains a clause prohibiting the granting of passes to employees. The local brotherhoods at once got busy and Congressman Fletcher has been deluged with telegrams protesting and asking him to fight this provision in the bill.—St. Paul Dispatch.

## SPECIAL TO THE DISPATCH.

Superior, Wis., June 7.—The Minnesota draw of the Northern Pacific, which was struck by the steamer Hoover & Mason while that boat was bound up the river yesterday, will be out of commission for at least a week, according to a statement made by Northern Pacific officials today. Meanwhile, all the trains made a detour by way of the Grasse Point bridge at West Duluth. A train congestion is reported as a result of the accident.

Cheap Rates to Wahpeton, N. D.

The N. P. will have the rate of one and one third for the round trip to attend the German Turnfest, at Wahpeton, N. D., June 9 to 10, '06. Date of sale June 8 to 9 and for trains arriving in Wahpeton June 10, return limit June 11, '06. Half fare for children at half age.

# REMARKABLE EXPERIMENTS AND STUDIES ON THE STOMACH.

How To Eat Properly.

BY DR. VALENTINE.

Not long ago Horace Fletcher published a book called "The A. B. Z. of Our Own Nutrition," in which he advocated, "Do right the feeding of your body; Nature will do all the rest for you." After a dozen years of uninterrupted experiments upon himself and upon dogs, cats and other animals, Mr. Fletcher concludes that the average human being eats three times as much as is good for him; that by eating only one-third as much and masticating it even more thoroughly than by Gladstone's famous thirty-two bites of each mouthful, a person is assured of unflinching health, strength, contentment and longevity. In a word, he will have annihilated the chief cause of all disease—indigestion. Mr. Fletcher conducted experiments at Yale and Cambridge Universities, and made tests under the auspices of the United States Army. As a result of his experiments he advocates that people should ignore false appetite and wait for a return of normal appetite, which is indicated by a desire for some particular simple food, accompanied by a watering of the mouth—all of which is good advice, but a great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have already ill-treated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in every weary, thin and thin-blooded person, do their work with great difficulty. As a result, fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve, tendon or muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy, which shall be simple but effective. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherrybark. The medicinal principles residing in these native roots, when extracted with glycerine as a solvent makes the most reliable and efficient stomach tonic and liver invigorator. Where there is bankrupt vitality—such as exhaustion, bad nutrition—and thin blood the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect.

Although some physicians were aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine in combination, or as a solvent, and usually the doctors' prescriptions called for the ingredients in varying amounts, with alcohol.

Nearly forty years ago, Dr. Pierce found that chemically pure glycerine, of proper strength, was best for extracting the medicinal properties from these roots and that it gave added value to a tonic compound in restoring tone and vigor to the entire system without the detrimental

## REPEATS HIS CHARGES

COMMISSIONER NEILL AGAIN ASSERTS HIS REPORT IS ENTIRELY CORRECT.

### PROTESTS FROM MEMBERS

COMMITTEEMEN CLAIM THE GOVERNMENT WITNESS IS NOT TREATED FAIRLY.

Washington, June 8.—So persistent and hostile were the attacks made on Commissioner of Labor Neill by members of the committee on agriculture because of his charges against the beef packers that Representative Bowle of Alabama protested against the manner in which he was being treated.

Mr. Bowle said the beef trust's representative, Thomas E. Wilson, had been treated with great courtesy by the committee and that he objected to Mr. Neill, the representative of the government, being subjected to a cross-examination and being put in the position of a culprit about to be prosecuted.

Other members agreed with Mr. Bowle and some were becoming excited over the matter when Mr. Neill quieted things down by saying:

"Some of the questions asked me are attempts made to lead me into making statements which I plainly do not mean, and the fact that I was prevented from expressing my ideas in my own words was not fair."

Statements made in the Neill-Reynolds report were made the text of animated questioning of the commissioner and charges that revolting conditions were almost general in the big plants were reiterated by Mr. Neill, who was continually placed on the defensive by the belligerent attitude of his examiners.

### CONFER WITH ROOSEVELT.

Messrs. Neill and Reynolds Call at the White House.

Washington, June 8.—Messrs. Neill and Reynolds, who made the recent investigation of stock yards conditions, called at the White House at night and conferred with the president. They declined to discuss their visit.

### Historic Building Damaged.

Baton Rouge, La., June 8.—The old historic state capitol building caught fire late at night. The flames spread so rapidly as to threaten the entire destruction of the building. The fire was checked after it had consumed almost the entire eastern half of the building above the first floor.

### Husband and Wife Killed.

Cincinnati, June 8.—Ina Mareneue and wife, Hungarians, while walking along the railroad track four miles south of Ludlow, Ky., at night, were struck by a Cincinnati Southern train and instantly killed.

### Deadlock in Iowa Broken.

Burlington, Ia., June 8.—A. C. Kennedy of Lee county was nominated for congress by Republicans of the First Iowa district. The deadlock was broken by the withdrawal of Mr. Carpenter of Louisa county.

## RUSSIA AND GREAT BRITAIN.

Alliance Between Them May Be Expected in Time.

Washington, June 8.—Recent developments in diplomatic circles lend credence to rumors that an understanding between Russia and Great Britain approaching an alliance in time may be expected.

Evidence has been noted of the changed attitude of Russia toward Great Britain for some time. Suspicion, which formerly characterized the Russian position toward Great Britain, seems to be waning and this is regarded as the forerunner of closer relations between the two powers.

It is this changed Russian attitude, rather than anything which Great Britain is doing, which lends color to the reports.

With the close of the Russo-Japanese war many of the causes for unfriendliness between Great Britain and Russia disappeared.

### REVOLUTIONISTS ACTIVE.

General Toledo Expected to Advance Upon Guatemala City.

Mexico City, June 8.—News from Guatemala shows great activity on the part of the revolutionists. General Toledo, operating in the south, has fully 5,000 men, and is pouring in. General Leon Castillo is acting under his orders in entire harmony.

Volunteers from Nicaragua have arrived. The revolutionists expect General Toledo to follow up his early advantages and make good headway before Monday toward Guatemala City. The forces in the north are preparing for another attack on Ocos, and it is again reported that Americans of military experience are in charge of the revolutionists.

General Barillas is expected to return to this city soon, having been in custody of Mexican officers who were instructed to detain him.

### Eighty Persons Injured.

Hillsboro, Kan., June 8.—The town of Goessel, near here, was practically destroyed by a tornado early in the day. About eighty persons were injured.

### TELEGRAPHIC BREVITIES.

Secretary of State Root will probably sail for Rio Janeiro on July 7. The eighth biennial convention of the Federation of Women's clubs ended at St. Paul Thursday.

Andrew Carnegie has donated \$20,000 to erect a library on the grounds of the state college of Kentucky at Lexington.

Thursday, the first anniversary of the dissolution of the union with Sweden, was celebrated as a general holiday throughout Norway.

The National Wholesale Grocers' association adjourned their convention at Buffalo to meet next year in Chicago. William Judson of Grand Rapids, Mich., was elected president.

General E. M. Pope, public examiner under Governor John Lind during 1899-1901, is dead at Grand Marais, Minn., where he had an abstract office and also was engaged in a branch of the lumbering business.

The only high grade Baking Powder made at a moderate price.

## Calumet Baking Powder

### ASKS REMOVAL OF JEROME.

William N. Amory Files Petition With Governor Higgins.

Albany, N. Y., June 8.—Removal of William Travers Jerome from the office of district attorney of New York county is demanded of Governor Higgins in a complaint which has been filed at the executive chamber by William N. Amory of New York city. Frank E. Perley, secretary to the governor, admitted that such a complaint had been filed, but he would say nothing as to the nature of the charges made against Jerome.

While nothing definite can be learned here as to the nature of the charges made by Mr. Amory, it is assumed that the complaint is the one which was threatened by him before a legislative committee last winter, and is based upon the charges he then made against Mr. Jerome of negligence in failing to prosecute persons in connection with certain metropolitan traction interests.

### How's This?

We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

COOL RICH AROMATIC MELLOW  
The Velvety Flavor of  
"INVENTORS" CIGARS  
CIGARS  
Comes from following the three great principles of good cigar making  
Fine Havana Leaf—Intelligent Curing and Blending—all Hand Work  
"INVENTORS" have them all  
Their aroma is mild but luxuriant—the aroma of high quality Havana leaf  
Careful blending of different leaves makes them delightful to the taste  
Hand rolling insures even, smooth smoking right to the very tip  
That sums up good cigar merits—  
Just try it for yourself  
Remember "INVENTORS"
